'Understanding the Rules and Regulations of the DEA and their Impact on Assisted Living'

Presented by Tyrel Harrelson

Tyrel is a pharmacist with Advanced Pharmacy in Grand Junction. He recently moved to our region from Oklahoma, and is excited about the opportunity to work with professionals in our industry.

CALA offers a special 'THANK YOU' to Advanced Pharmacy for sponsoring this event for us!

Event Summary

Tyrel will assist attendees in understanding DEA regulations, and how they relate to our businesses. We will gain knowledge regarding updates to policies relating to management of Controlled Substances. By sharing his expertise with us Tyrel will shed light on how we can work within the current rules and regulations, and assist our residents more effectively with their medication management.

Objectives

- To successfully understand and explain the intricacies of the DEA rules and regulations
- To acquire tips for successfully managing Controlled Substances within your organization
- To attain pointers for recognizing and preventing drug diversion

CALA Membership

Reduce your costs for this event (and other events) by joining CALA.
