'Finding a Helping Hand: How Home Health will benefit your Residents'

*Presented by Jodi Wittwer, RN Administrator for Alpine
Home Health*

We are lucky to have a seasoned health care professional such as Jodi to address us on the vital topic of managing signs and symptoms of our residents, and how to effectively utilize home health services to meet these needs. Jodi believes in 'patient care first' and has spent most of her career in the home health and long term care arena. Previously Jodi has served as Director of Nursing at Mantey Heights, and Director of Healthcare services for Interim Healthcare. Jodi's expertise will serve to be of much value for the residents we care so deeply about!

Objectives

- Acquire tips on how to identify key symptoms residents are presenting
- Obtain clear understanding for role Home Health plays in assisted living
- Maintain state regulations pertaining to Home Health services
- Create exceptional coordination of care within your community for your residents
